• Set up to 14 water heating schedules
• Displays Time To Heat
ABOUT US

Somany Home Innovations Ltd. (SHIL) is a newly created Corporate Entity of HSIL Limited, vastly recognised by its Brand Hindware, a leading name in the Indian market. SHIL is focused on servicing end-consumers in the market and is involved in branding, marketing, sales, distribution, trading, service etc. of Consumer Appliances.

Customer Satisfaction, Product Innovation and Quality Control are the three pillars that have fostered high level of trust and respect for it’s parent brand Hindware from over 40 million customers in 1000+ cities across the nation.
SOMANY HOME INNOVATIONS LTD. (SHIL) AND GROUPE ATLANTIC ASSOCIATION

SHIL in association with Groupe Atlantic of France, Europe's leading brand, brings Hindware Atlantic Water Heaters for the Indian consumers. Founded in 1968, Atlantic has remained focused on transforming prevailing energies into lasting well-being through constant technological innovations to provide efficient solutions for water heating. With nearly 1.66 Billion Euros turnover and 7100 employee strength, Atlantic has established a strong worldwide presence, across 70 countries and caters to millions of satisfied customers through its wide range of product portfolio and solutions. In keeping with its long term commitment, Atlantic continues to invest in innovation and quality upgradation to increase customer satisfaction.

Groupe Atlantic is the technology partner of SHIL for world-class, superior quality water heaters. Hindware Atlantic Water Heaters are made in state-of-the-art plants based in Egypt, Ukraine, Thailand and Dehradun (India). With an aim to grow its business and to be the leader in the category, Hindware Atlantic will continue offering top-notch products to its consumers.
STATE OF THE ART MANUFACTURING PROCESSES, ADHERING TO THE LATEST TECHNOLOGICAL STANDARDS
• The Exclusive O’Pro Technology provides additional protection to the tank and heating element against corrosion.

• All this is done with the use of an Ohmic resistor to create a small resistance of 390 Ω between the Magnesium anode and the Heating Element. As a result of the Ohmic resistance, the life of the water tank is increased by 50% and you get fresh, corrosion free hot water for your family, for a longer duration.
THE ALL NEW IOT ENABLED ONDEO EVO i-PRO
Now the power is in your hands

OPERATING MODES
AUTO - Always keeps the water hot as per the set temperature automatically.
SCHEDULE - Plan your bath at any specific time & temperature.
STANDBY - Awaits freezing of water in case of very low temperature.

Check your monthly power consumption on the app.

Displays Time To Heat.
Auto Fresh Cycle maintains hygiene inside the tank & increases life of the heating element & tank.

Set up to 14 schedules for every day of the week.
Select from 3 pre-set temperature modes or select it manually.

Save Water!
At HSIL we urge everyone to use water efficiently in order to conserve this precious, natural resource and avoid water wastage by using it moderately.
CUSTOMER TESTIMONIALS

⭐⭐⭐⭐⭐
I will recommend this product. Excellent built and quality. Works absolutely fine.

- Kiran

⭐⭐⭐⭐⭐
This is a really superb product and quality wise it is awesome. I am really satisfied and will recommend it to all. And I am also happy with the support from the company.

- Chirag

⭐⭐⭐⭐⭐
The water heater looks extremely elegant and compact. It heats up the water in approximately 10-15 minutes and keeps it hot for a good 12-16 hours, even after switching off the power. Satisfied with the delivery time, price and installation turaroudm time after registration.

- Rahul Sharma

⭐⭐⭐⭐⭐
The water heater is best in price and adequate for bathroom & kitchen. Also, quality is superb.

- Chandan Raju

⭐⭐⭐⭐⭐
Very sturdy and good looking geyser. Water gets warm in just 5 minutes! Very happy :)

- Ankit Kapoor
